

CHOICES Top K-9 Partners are proud to announce that we will be Implementing a new program.

Service dogs provide important tasks necessary to help an individual with a disability succeed in living independently. With our new program we will be pairing these incredible animals with individuals who struggle with certain tasks related to their disability.

We will be offering service dogs for:

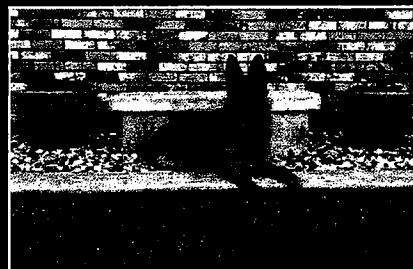

PTSD/Anxiety

Mobility Assistance

Seeing or Guide Dog

CTK9P intends to add other service dogs to our program at a later date.

The training for these animals is very extensive and pricey. CTK9P will be looking for local donors as well as grants to fund this project. Our dogs will come from good breeding stock to make sure the safety and health of our dogs is top notch. If you know anyone that may benefit from this service please let us know. We look forward to serving our communities. For more information please contact us.
